

Christianbody.Net

The Vision--- Flood the media with real testimonies of Jesus' life being revealed in His people by the Holy Spirit. *Rev. 12:11 "They (the believers) overcame him (the dragon, Satan) by the blood of the lamb (Jesus), the word of their testimony and they loved not their lives unto death."*

Placing A Text Document Into The Christianbody.net database. This will take you through the input process step by step.

1. First, select a document you wish to submit into the Input Form.
2. Save it as a PDF on your computer. Make sure you know how to find it later.
3. Open your Box.com, DropBox.com, or other cloud storage application.
4. Click the Upload button. It will take you to your computer file directory.
5. Locate and double click on your PDF file that you wish to Upload.
6. After your PDF Uploads, find and click on the Share button. Copy (right click and hit Copy) the highlighted link (this is the URL or specific address of the document.)
7. Now, move to the Christianbody.net Input Form (<http://www.christianbody.net/story-input.html>)
8. Find and click in the "Link" box, then right click over it and hit Paste. The documents URL is now pasted into the Input Form.
9. Fill out the rest of the form, especially the boxes with red asterisks (*). Name is the name of the person giving the testimony. Sometimes files have nicknames (ie. Dreamweaver 56, etc. instead of real names) That is fine... just use that.
10. Description is just a brief description of the testimony... Enter a brief personal comment if you wish.
11. Enter the current date by clicking on the calendar icon. Enter appropriate Category. Most will be "My Story."
12. Next, enter Subject that is relevant to the testimony.
13. Email, Web and Scripture are used only if that info is available.
14. Check through the data on the form and click "Submit." The testimony is now linked through our database.
15. Go to www.christianbody.net, click "My Story" button (orange,) find the testimony, verify info and click on the "Link" to make sure it links to the document. Check other links if they are present (email, web, etc.)
16. Congratulations, you have just successfully placed a text testimony into the Christianbody.net database.

We've featured a Box.com address on this instruction sheet, but other cloud storage services are similar. The internet address (link) for the testimony is most important. If there isn't a Share button, just click in the address box at the top of your browser while the text, audio or video that you've selected is on your screen. When the address highlights, CtrlC copies it, then paste it into our form in the Link box. Watch the video that goes with this document for further details.
